System Requirements For NfsEdenFalls:

We have just released a patch that will increase the level cap and the character and skill point cap of the game. We have also made improvements to the graphics to make the game look better. All players who already own Darkest Dungeon on Xbox will automatically have access to the patch when they start the game on Windows 10 on October 9th. If you don't own Darkest Dungeon on Xbox already, you will need to buy the game on Xbox. The game is also now available on Steam! Please visit the [Steam page](#) for more information:
